

Four Calls (Business)

Kevin Thurston

The transcriptions presented here are from a gigantic set of information that comes from my former day job. This project started off as a way to pass the time, in an entertaining sort of manner, then, like everything else, it too became a job. "The writer is just as miserable as anyone else; they just file a report on it," William S. Burroughs (more or less).

A New Level of Turkeydom

i am family free kevin
uhhh
after many many weeks
i am just
kinda
my wife was
went home and did all this cleaning yesterday
and i said

'is somebody coming into town that i dont know about'
and so

and we're using one of her sisters as the nanny
to go out
and be with us in vegas
for the big SEMA show
so carol and i can go to the SEMA show together
cause she really likes the car show
and meeting jay leno and these other people
and blah blah blah
and rick's wife
she's getting facials and manicures
it's just
'what are you nuts, carol, wanting to go in there'
and oh man

i'll just put—
this big show kevin
the orientals

you know
there's
a quarter of a million people
turn out for this
the oriental guys are all just big time

horny lil fuckers

they bring over these quarter million dollar displays
delphi has this million dollar display unit there
and then companies i'm looking at have one booth for
for 800 dollars, you know
'we talk to mista schwadah
he said, nice to meet you, mista W(r)andy'
ahh
'you send copy

you send sample
he quote

very good'

then you swipe yer card and you get all this information

but guess what they use
most of the booths
the oriental booths use to get you to
come to their
booth

guess

<models?>

oh yes, but what kind of models

<christians?>

strippers that are off duty

and i'll tell you what
you see these chicks
fuckin in high heels
fuckin nothing on
at 7:30 in the morning
to the booths
you just see them all day long
andandand just
handing out stuff
for these free bags
or stuff like this
and it's like
if you just watch these oriental guys come down and
whoop
right there to em
and

you know, there was this one
who was in this solid gold dress
and i just
i can't even fuckin look at this
because i know the hit i'm gonna take
or i'm not even going to know
the fuckin just
insanity that's gonna cause in the relationship later on that night
but

it is just mind-boggling

and the-the other ones that he-he used
are these oriental girls with fake boobs
everyone's got fake boobs
whatever, you know
and, you know
here's this tiny
90 pound oriental chick
with a pair boobs that are bigger than her head, you know
'oh, thats so natural'
but they just think it looks *so good*
and just,
it is quite a show

but, uh, luckily we got her flying out
and i thought she was gonna try and take her daughter out with her
and luckily, uh last night she said 'no'
and luckily, she comes kinda loaded with money, you know
so it won't be me totally paying for every fuckin meal
you know, so

and it will let me and carol get out for a least a few margaritas
i was thinking *ah going to vegas*
and not being able to even gamble
even for a little bit
you know, we aren't big gamblers, you know
i mean, 100/200 dollars is my tolerance
but uh
while you're there you'd like to do
a little blackjack or
slots
which i've *never*
in 30 years
ever won anything big in slots
and i've sat next to people
that are my friends
this one...

in-law of carol's
the guy's just an absolute asshole
hold on, i need more fuckin cigarettes
they're 4.75
fuhh, fuckin cigarettes are fuckin 4.75
gets back a quarter
puts the quarter in at the excalibur
and of course hits 267 dollars
and i'm like goin
and he's like

(the laugh is too mocking to be 'ha-ha')
hu-hu, see, randy, smokin pays
and i go
'yeah it does, john, man that's just all the more reason for me to start smokin
(beat)
marlboros with no filters'
and, uhh
you know, of course he's like
you gotta know the technique that i got
and i'm like goin you aint fuckin got no technique
and it's just like,
i just never ever
hit on the slot machines

i'm the one who pays the las vegas electricity bill

but ahh,
no
uhhh
relatives in town for many many many many days kevin
many days
so

uh, i will say
i think i have chased pretty much most of them away
til thanksgiving
so,
we'll see how i fend them off then

<when you have to buy three turkeys?>

um, two is the standard,
if it goes up to three
it would certainly be a
a new level of turkeydom

but uh,
you know,
there again,
on that one
i just drink alot
thanksgiving weekend
and just
hang-out
and, uh
just,
i've got my own tv if they piss me off

either way, you just do your own thing, baby

Prone to People

i've never heard szymanski call in sick

um, let's just put it this way
in 15 or 25 years
i don't know if he's ever called in sick

uhh, and
that fact that
he is *so* protective of
and he *is* the only care provider for
his parents

and if truly, if one of them is in the hospital

uhh, luckily they do have medical coverage
but, uh uhhh
i'll just say
he will be an emotional wreck until they return

and i even highly suggest maybe you call
at noon with a
'hey, how are you feeling,
is there anything i can do'
even though, you know,
you'd hate like hell for him to say
'yeah, bring two quarts of milk
and a
roll-b-b-bag of, of onions'
no, you know
let's hope to god that doesn't happen
but

i'll just say
that ahhhhiii never heard him that sick

and so, ahhh
i'll just say
they probably just ate someplace unusual
orrrr
with
ahh, you know,
with
on their own plates
or

with stuff that was at the tail end of its life expectancy in a cooler that hadn't been properly cooled

i can come up with a hundred scenarios that can create
food born illnesses
that would be prone to people being very conservative

and, ah
ah *yie-yie-yie* i feel for him
but ah

we'll just have to advise—
can you advise jon laverty via email—
that we don't know if he'll be in today
and, and could
tomorrow question mark
and
but when he is
he'll be ready to ahh
or you'll be ready to see him
and
he'll be ready for you to
and so

alrighty, that was
laughs
that one is unusual

alrighty, okay

um! is—
are you gonna write up the slip on him?
alrighty, thank you

Paint Your Ass (with Smiles)

hey
drop your drawers
and swing on up here
to the big whores as soon as you can

<oh, i don't know if i want to do that>

well, trust me,
i'll paint your ass with smiles

<thank you>

alright, bye

Krakow Express

your vacation
the half-day
is that it for the morning half?

<yes, i'll be back for *(both)* the manager's meeting>
 (both) the manager's meeting
 that's what've i've written on there
 or else they'll interrogate

<alright>

alrighty

<thanks>

and a,
is that for,
like, a
trip to, like, a, russia
to bring back a a new
new
wife

<yes, yes, i'm looking for a—>
—a polish one

you ready for this?

we have three people we know who have done that
and you won't believe what they come back with

<in terms of?>

ahhh
they went over
they found the most
platinum blonde
biggest titted
chick
that just
(*inhales, exhales*)
says 'yes' to whatever the guys want
<mmm>

and, ah,
all three of our friends have like
gone through
the bitter divorces
so this time they
just wanted somebody who'd
say (*bizarre attempt at european accent*)
yes yes
(*he hee he heee — but happier kinda*)
i mean,
its just like
mind-boggling
what they end up with

and,
you ready for this?
we'd all expected that they would last
one
two
three years

and all three still have 'em!
so,

what they brought back
they
still
have
so,

but, ah, you let me know when yer going
the krakow express!

<alright, thanks>

alrighty,
bye-bye
